Speak the language of the
NHS?

Open doors for your sales
team?

Show your clients the impact
of your brands.

Find out how in our FREE
“Lunch and Learn” workshop

Hospital Episode Statistics

HES data are collected by the NHS on every UK hospital.

Find out how we can help you use this data to your company's advantage

At our FREE workshop:

Learn how we can help you use HES data to identify key clients for your brands.

See the benefits of using HES data to model patient pathways.

Hear from our leading health care informatics specialist how using HES data can increase sales and save the NHS money.

Why Us?

Our team includes healthcare informatics and NHS specialists.

We hold the complete HES data set, and we are cost effective.
