“Lunch and Learn” workshop

Pathway Modelling simulates the patients' transition through the NHS, measuring services they consume and the cost of those services.

Find out how we can help you use pathway modelling to your company's advantage

At our FREE workshop:

Learn how our pathway modelling uses local data to show the impact of your brand on local health economies.

See a demonstration of our interactive **Cancer Pathway Model**.

Hear how pathway modelling can increase sales and save the NHS money.

Why Us?

Our team includes healthcare informatics and NHS specialists.

We use leading pathway modeling software driven by local HES data.
